HONEY

Dear Glad Friend:

We are pleased to offer you our 1951 Descriptive Wholesale List for your consideration.

We have listed here many of the leading cut flower and show glads as well as a good selection of the recent introductions.

Included in this list are four of our own seedlings. Golden Crown, our 1950 introduction, has been well received. It rated in the N. A. G. C. Symposium as one of the ten best 1950 introductions.

We feel that our 1951 introductions have a promising future as commercials as they all have fine clean colors and are easy growers.

In our descriptions the number following the name of the variety is the N.A.G.C. class number. This is followed by the name of the Originator or Introducer and the year of introduction. The last number is the approximate number of days to bloom from large bulbs. Verly early planting or smaller sizes of bulbs will require additional time.

1951 INTRODUCTIONS

PINK CLASSIC Seedling No. 46-132 Parentage unknown.

Heavily ruffled and fluted pink overlaid deeper pink blending to a lighter throat. 5½ in. blooms of good substance, 20 bud spike, 7 to 8 open and 8 in color. Field height 54 in. Flowerhead 24 in. Blooms in 82 days. Bulb production and germination good.

Pink Classic is an excellent show glad, as well as a commercial. It has the style and precise placement plus good color to make it a winner.

Pink Classic has been shown 5 times under Seedling No. 46-132 and received an Excellent rating each time shown.

Price: L \$3.00; M \$2.50; S \$2.00; Blbts. 10 for \$3.00.

SKIPPY (Silentium x Candy Heart) Heavily ruffled white with small pink feather. A very fine color combination. 4½ in. blooms, 6 open, 4 in color on an 18 bud spike. Height 50 in. Flowerhead 24 in. Blooms in 75 days. Bulb production and germination good. The florets of this variety are of heavy substance and are well attached and placed on strong stems.

Skippy recorded seedling wins at Wabash, Jefferson, Beloit and other shows.

A fine cut flower and excellent for exhibition in the 300 class.

Price: L \$3.00; M \$2.50; S \$2.00; Blbts. 10 for \$3.00.

HONEY Seedling No. 46-136

(Hoosier Lady x E. C. Cole)

Beautiful clean pink blending to a white throat. Very fine color. The ruffled 4 in. round florets are well placed and attached on a willowy spike of 16 buds. 5 florets open, 4 in color.

Height 48 in. Flowerhead 20 in. Blooms in 80 days. Both bulb production and germination are good.

Honey is a real florist's gladiolus. Won Champion Seeding Vase at Jefferson and several Excellent awards.

Price: L \$3.00; M \$2.50; S \$2.00; Blbts. 10 for \$3.00.

ECHO, A sport of E. C. Cole. We selected this sport because it has three qualifications lacking in E. C. Cole: 1, its color is a cleaner shade of pink without flecking; 2, it blends into a creamy white throat without blotch or markings and 3, it stands up better in the field. In other respects this sport is identical with E. C. Cole.

Price: Lge. 50c each; \$4.00 per 10.

Items on this page sent prepaid.

GOLDEN CROWN (412) Melk '50 (80)

We were pleased to see Golden Crown, our 1950 introduction, repeat its excellent performance for us and other growers. We were further gratified to learn that Golden Crown had rated as one of the top ten 1950 introductions in the N. A. G. C. Symposium.

Golden Crown is a consistent producer of good commercial spikes. It opens 6 blooms 5 in. in diameter on a spike of 20 buds, has a flowerhead of 24 in. and a field height of 55".

It blooms in early midseason.

Its color is all that could be desired, being a pure medium deep yellow, a shade of yellow that blends well with other colors.

Golden Crown should be a favorite with florists as this particular shade of yellow is the most popular in other cut flowers such as Marigolds, Mums' Snapdragons, etc.

Golden Crown makes strong healthy plants and bulbs. Propagation and germination are excellent.
